

Project SEARCH 7 Holiday Edition

We are in it to achieve it !

Created by Kristin Rupert and PS 7 Interns

November and December

It's the time of year when we focus on all the things in life we have to be thankful for and everything we are hopeful for in the future. Here at Project SEARCH that is a long list! The interns finished up their first round of internships right before Thanksgiving. They have learned so many new skills already and started brand new internships in November. We had a new student Tony Conte join the group from Haverhill High School! They learned about self advocacy and took a day trip to practice asking for job applications at a business of their choice. Everyone did a great job overcoming their fear and got an application. We also started on our financial unit and went out in the community to price comparison shop! Everyone got some cashier practice with our yard sale and coin war game. Pictured to the right is the holiday party :) We are grateful for everyone who is a part of, and helps with Project SEARCH!! Can't wait to see what new success 2020 brings us!

Comparison price shopping to see which grocery store has the cheapest options and finding the best deals at the mall for budgeting skills.

Playing the yard sale game for practice as a cashier and as a Consumer.

Creating vision boards for 2020 to hang in the classroom and be reminded daily of their goals and vision for the future

SUPERVISOR OF THE MONTH!

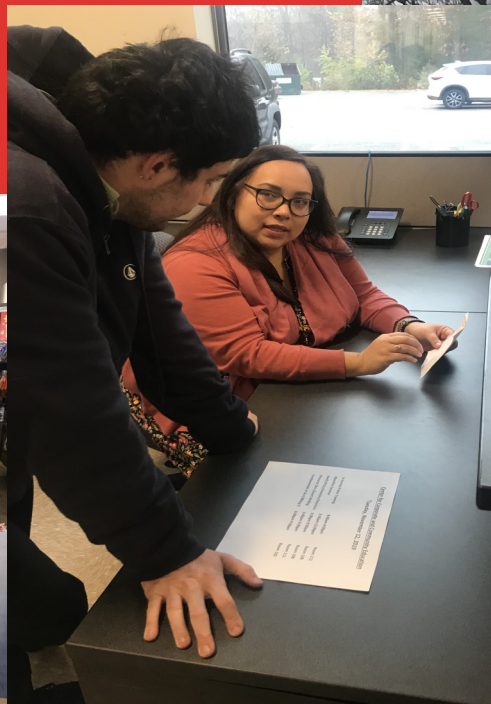

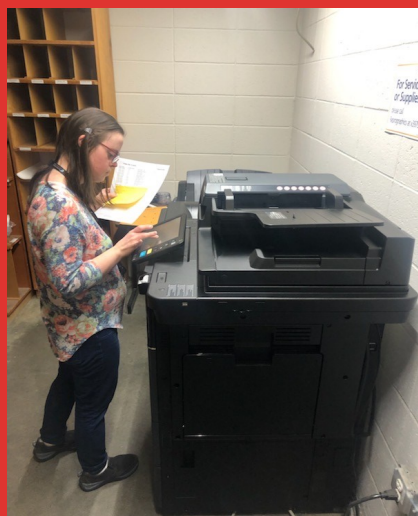

Donna Evers, our Lawrence administrative supervisor! Donna has been with the program since its start at the college in 2014 and has always made her interns truly become part of her department. Donna provides a wide variety of tasks and encourages interns
